

June 20, 2024

Hi Lori,

My name is Russell Tolentino, and I am with ACS, engineering department. I was hoping you can point me in the right direction.

We have a project to install fiber in Delta Junction, specifically along South Clearwater Ave and Nistler Rd. We would like to be in your right of way and my question is, who may I contact about obtaining a ROW permit?

I was unsure if it would be with City of Delta Junction or the Fairbanks North Star Borough.

Attached is the preliminary route indicating the fiber path. We would be on the west side of South Clearwater Ave and on the north side of Nistler Rd.

Thank you in advance and look forward to

Thanks,

Russell Tolentino
