## Alyeska Pipeline Excavation – Near Nistler Rd Below Ground Pipe Inspection 2025

Where: City of Delta Junction south of the Nistler Road pipeline crossing

When: Mobilization in April, Construction May - June

Scope: Pipeline excavation to inspect the 48" pipe just south of Nistler Road

- Construction crews will be excavating on the Right of Way to expose the pipeline for planned inspection & maintenance
- Site will be fenced off to limit access on this section of Right of Way
- Large volumes of construction equipment and personnel in the area
- ATV trail that parallels Nistler road will remain open
- Right of Way in this area will be closed to all public travel

## Asks:

- Please stay clear of the area, the open excavation and the equipment
- Please use caution when traveling Nistler road and the ATV trails in the area
