

Holiday schedule change

In the past Christmas Eve and New Year's Eve were "observed but not paid holidays" for the library calendar. In the transition between directors and the closures due to Covid precautions, these were not on the calendar. After discussion with Joyce and the staff, as well as checking calendars for years passed and surveying other Alaska library schedules, Tiki would like to have the library closed on these days as has been the practice previously. Staff can work these days or opt for leave without pay.
